

Module Product Matrix

What is the product matrix ?

At the moment we offer 11 different modules for the Peugeot 206cc. It is possible to combine some modules and use them together. We compiled this matrix to give you an overview about the module product range. Some modules are universally usable and they work also in other vehicles, e.g. Audi, BMW, Mercedes, Opel, Volkswagen, etc.

Product matrix :

It is possible to install and use up to 2 modules from our product range in the Peugeot 206cc. Choose your already installed module from the horizontal row and compare the applicable module in the vertical column. The possible product combinations are marked by an **X**.
